When you shop-online, you can pay through UPI when you see UPI as a payment option. On clicking that, you will need to enter your Payment Address (eg - xyz@upi). Once entered, you will receive a collect request on your BHIM app. Enter your UPI-PIN here and your payment will be complete. As easy as this!

**Do money transfers happen on UPI only during banking hours?**

**I have paid for my transaction but not received anything. Why is that?**

**How can I view my transaction history?**

**How is UPI different from IMPS?**
